Student Performance Report

Prepared for demo_student - 30 Sep 2026, 13:03

73.7 / 100 **Grade C**

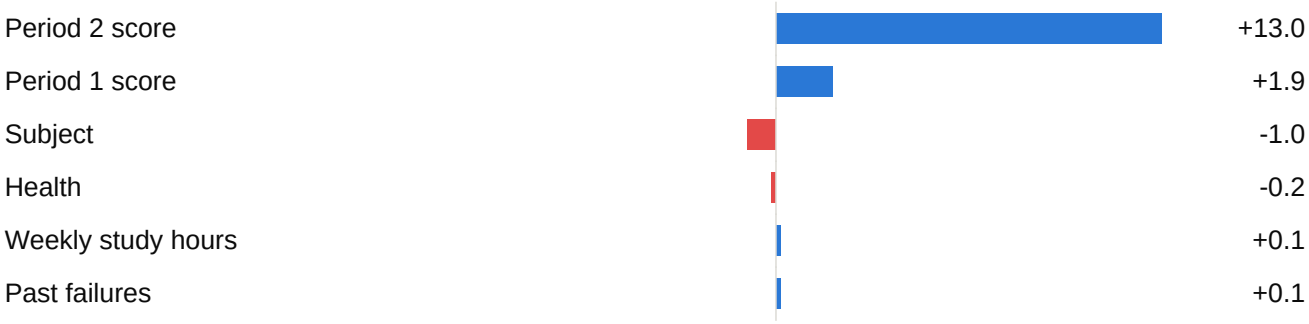
90% prediction range: 67 to 80

Inputs

Subject	Mathematics	Period 1 score	68
Period 2 score	74	Weekly study hours	8
Absences	4	Past failures	0
Social outings	3	Health	4
Higher-ed plans	Yes	Internet at home	Yes

Why this score?

Points each factor adds or removes compared with a typical student.



What could raise it?

- Spend a little less time going out	+0.3 (to 74.0)

Predictions come from a model trained on the UCI Student Performance dataset (Cortez & Silva, 2008). Explanations and suggestions reflect associations in that data, not guaranteed causes. The 90% range is calibrated on held-out data.
